STATE SEEKS APPLICATIONS FOR THE TOP AG EXPORTER

The State of Michigan is in search of the "Michigan Agriculture Exporter of the Year" from within the state's growing agriculture export industry. Applications will be accepted until March 26, 2010, with the top exporter receiving recognition at an event to be announced at a later date.

To be eligible, a company's products must be over 50 percent grown, processed or manufactured in Michigan. Companies with headquarters in other states, but production facilities in Michigan, are invited to apply on the basis of their Michigan-made exports. Past recipients are eligible to apply five years after their initial award if they have increased their exports or expanded into new markets. Nominations are due to MDA's International Marketing Program by March 26, 2010. Self-nominations by companies are encouraged. A panel of various representatives will review applications and present recommendations to the MDA director for a final decision.

For more information, please contact Jamie Zmitko-Somers, International Marketing Program Manager, at (517) 241-3628, or at zmitkoj@michigan.gov.
